GUIDE TO INFORMATION AVAILABLE THROUGH THE MODEL PUBLICATION SCHEME 2021

The Freedom of Information (Scotland) Act 2002 (the Act) requires Scottish public authorities to produce and maintain a publication scheme. Authorities are under a legal obligation to:

- publish the classes of information that they make routinely available
- tell the public how to access the information and what it might cost.

Scottish Water Business Stream Limited has adopted the Model Publication Scheme produced by the Scottish Information Commissioner, published on 26 March 2021.

You can see this scheme on our website at <http://www.business-stream.co.uk/about-us/governance-and-compliance/#freedom> or by contacting us at the address below.

- explain how to request information we hold that has not been published
